*Chanukah comes once a year  
With latkes, lights, and laughter  
But I've a wish for you my dear  
All Chanukahs hereafter—*

May your miracles last much longer  
Than just eight days  
May your *Chanukah* lights burn stronger  
And shine always  
May your memory of those candles  
And their cheery blaze  
Keep the joy of *Chanukah* ever in your heart.

The Maccabees were fighters  
Our sages tell us so  
And we've been candle lighters  
Since the very first *Chanukah* long ago

May your miracles last much longer  
Than just eight days  
May your *Chanukah* lights burn stronger  
And shine always  
May your memory of those candles  
And their cheery blaze  
Keep the joy of *Chanukah* ever in your heart.

There's always times of danger  
There's always times of strife  
But hope is not a stranger  
If you've got a little *Chanukah* in your life

May your miracles last much longer  
Than just eight days  
May your *Chanukah* lights burn stronger  
And shine always  
May your memory of those candles  
And their cheery blaze  
Keep the joy of *Chanukah* ever in your—  
Joy of *Chanukah*—*dreydls* spin for—  
Joy of *Chanukah* ever in your heart.
