

# Lord Knows, I Wish So Did I

© 2012 Shelley Posen Well Done Music BMI

My mama believes that there is a heaven  
Where good people go when they die  
She believes that heaven is life's happy ending  
And Lord knows, I wish so did I.

My mama believes that blessed salvation  
Pours down like rain from the sky  
My mama believes all sins are forgiven  
And Lord knows, I wish so did I.

Lord knows, I wish so did I  
But believin' don't happen  
Just 'cause you try

My mama has told me to trust in God's mercy  
"On Him, son, you can always rely!"  
My mama believes the Lord is our shepherd  
And Lord knows, I wish so did I.

Lord knows, I wish so did I  
But my cup is empty  
And the fountain's run dry

My mama believes what she reads in the Bible  
Trusting and never asks why  
My mama believes God has all the answers  
And Lord knows, I wish so did I.
